Test: Compiling Reports from scripts

Peter Baumgartner

May 23rd, 2018

```r
path <- getwd()
2 + 2
```

```
## [1] 4
```

A script comment that includes **markdown** formatting.

```r
x <- 2 * 3
```

The sum of {2 + 3} - {4 - 5} is 6 in total.

```r
saveRDS(x, file = "test.rds")

y <- readRDS("test.rds")
```
